

 **Maxxima[®]Style**

Factory Direct LED Lighting & Electrical

YOUR SOURCE FOR LED LIGHTING & ELECTRICAL

At Maxxima, we design and manufacture high-quality LED lighting and electrical supplies. Our innovative engineering team is constantly working to develop new products with the most advanced features. Maxxima products are installed in homes and business around the world, providing reliable and efficient lighting solutions.

CUSTOMER SERVICE IS OUR TOP PRIORITY

We stand behind our products and our customer service team is here to ensure you have the best possible experience every time you shop with us. You will enjoy free shipping on orders over \$49 as well as free returns if you should need to send a product back for any reason. You can browse our full product offering or place an order online any time at MaxximaStyle.com. Feel free to give us a call with any questions or to place an order Monday through Friday, 9am-5pm EST.

WE SAVE YOU MONEY

LED lighting is the most energy-efficient, cost-saving way to light your home or business. Using LED bulbs is up to 10x less expensive than using incandescent bulbs, and they last years longer. With all its great benefits, LED has become the new standard for lighting. From light bulbs to ceiling fixtures to LED dimmers and outlets, you can rely on Maxxima for all your home and business lighting needs.

LED SLIM CEILING LIGHTS

Maxxima ultra thin slim panel downlights are available in round and square as well as a variety of sizes to suit the style of any home. Each light comes with an attached junction box for convenience during installation. Their flat, white surface blends right in with your ceiling, providing a sleek, modern look once installed. They are dimmable and produce a beautiful warm or neutral white light.

BR BULBS WITH BUILT-IN TRIM

These BR30 & BR40 LED light bulbs have built-in trims, allowing you to achieve the clean look of an LED downlight with the simplicity of a traditional screw-in light bulb. The height of the trims is adjustable so they fit into most standard housings. The standard E26 base paired with the integrated trim makes this one of the easiest ways to update a home with can lights.

WALL OUTLETS

We carry a selection of USB charging outlets and standard electrical outlets in multiple colors to match the decor of any home. Standard outlets are sold in packs of 10 for maximum savings. All Maxxima outlets feature duplex receptacles and are tamper-resistant. We also carry hard-wired motion/occupancy sensors with 360 passive infrared (PIR) technology to detect movement in the surrounding space.
