GENUINE PARTS

There's only one sure way to protect the life of your Hendrickson suspension system. Order genuine Hendrickson suspension parts and service kits. Hendrickson Service Kits contain the proper Hendrickson parts needed to complete a job — right down to fasteners, washers and easy-to-follow instructions, all in one handy box.

Hendrickson Service Kits make your job easier. They simplify inventory control, take up less space, keep you organized, and cut waste — all to save you money.

What's more, they ensure that you're getting 100% genuine Hendrickson parts.

Complete Hendrickson Service Kits are available for beam and adapter assemblies, bronze center and beam end bushings, QUIK-ALIGN® components, height control valves and many other common suspension repairs. Browse the Hendrickson Popular Kits and Parts Catalog to find the correct kit for the job, then order them through your traditional parts sources.

Remember... Hendrickson parts last longer to help keep your customers on the road longer.

WHY GENUINE?

Original Parts, Original Fit, Original Performance — That's why.

This catalog is only a portion of all the parts available from Hendrickson. Other service kits are available if desired. Popular parts and service kits may vary upon the geographical area. All Hendrickson parts are available through traditional part sources including those not listed in this catalog. See our website for more information.
