

# Fan Blades

## How to Specify a Kit Masters Fan Blade

To order a fan blade please provide the following information:

**A**   **B**   **C**   **D**   --   **E**   **F**

A. Choose one of the following:  
Fan Rotation Options

- 1 = Clockwise Rotation (sucker)
- 2 = Counterclockwise Rotation (pusher)
- (Most OTR trucks are CW)

B. Choose one of the following:  
Number of Fan Blades

- 6 = 6 Blades      9 = 9 Blades
- 7 = 7 Blades      0 = 10 Blades
- 8 = 8 Blades      1 = 11 Blades

C. Choose one of the following:  
Maximum Projected Width  
(Pitch)

- 1 = 2.27      4 = 3.089      7 = 3.565
- 2 = 2.76      5 = 3.247      8 = 4.28
- 3 = 2.97      6 = 3.34      9 = 5.05

(Additional Dimensions are also available -  
Contact your Distributor)

**Most fan blades ship within 24 hours.**

D. Choose one of the following:  
Fan Pilot Diameters

- 1 = 2.00"      3 = 2.56"
- 2 = 2.05"      4 = 5.00"

E. Choose one of the following:  
Fan Blade Diameter

- 24 = 24" Fan      30 = 30" Fan
- 26 = 26" Fan      32 = 32" Fan
- 28 = 28" Fan      34 = 34" Fan

F. Choose one of the following:  
Dish Measurement (Inches)

- A = 7/8" (0.875")      J = 2 1/4" (2.250")
- B = 1 1/4" (1.250")      K = 2 3/8" (2.375")
- C = 1 3/8" (1.375")      L = 2 1/2" (2.500")
- D = 1 1/2" (1.500")      M = 2 5/8" (2.625")
- E = 1 5/8" (1.625")      N = 2 3/4" (2.750")
- F = 1 3/4" (1.750")      O = 2 7/8" (2.875")
- G = 1 7/8" (1.875")      P = 3" (3.000")
- H = 2" (2.000")      Q = 3 1/4" (3.250")
- I = 2 1/8" (2.125")      R = 3 3/4" (3.750")
