Including seals, spindle nuts, hub caps, bearings, spacers, and oil pan

SEVERE DUTY HALF-STAND BEARING SETS

REV-BEARING SETS

- Half-Stand Bearings — work with both preset or manually adjusted hubs
- Precision Engineered — reducing friction while increasing load capacity
- Sold exclusively in Matched Sets
- Easy part numbering system

RevHD exclusively sells premium half-stand bearings but at a price point that is comparable to standard bearings.

As a result, you can keep one set of bearings in stock and have the confidence of knowing the bearings you take off the shelf will work in any style hub – preset or manually adjusted.
