

PRODUCT PORTFOLIO

MORE THAN A CENTURY OF DELIVERING QUALITY PARTS

Dayton Parts employs highly skilled and industry-expert men and women in all facets of manufacturing, engineering, product development, sales and distribution. Our operations are located throughout the United States and Canada. Our manufacturing plants feature state-of-the-art spring manufacturing equipment and can produce a vast number of leaf spring designs, including advanced technology high-stress, hard bend and advanced parabolic options such as trailing arms and Z-beams. That's why we're known in the aftermarket for our high-quality brake, spring, steering, suspension and other related product lines.

We have more than a century of experience. Our heritage dates to 1922, when we were founded as Harrisburg Stanley Spring Works®. We've grown into the largest manufacturer of leaf springs in the United States, but now we also do so much more. You can now look to the Dayton Parts of today as a premier, full-line commercial vehicle aftermarket supplier.

In 2021, we joined forces with Dorman Products to further accelerate innovation in the heavy-duty aftermarket. Building on Dayton's extensive catalog of undercarriage parts and components, we now also offer tens of thousands of unique replacement and repair solutions for all other areas of the truck and trailer.

To always see the latest details about our continuously growing portfolio, visit [DaytonParts.com](https://www.daytonparts.com).

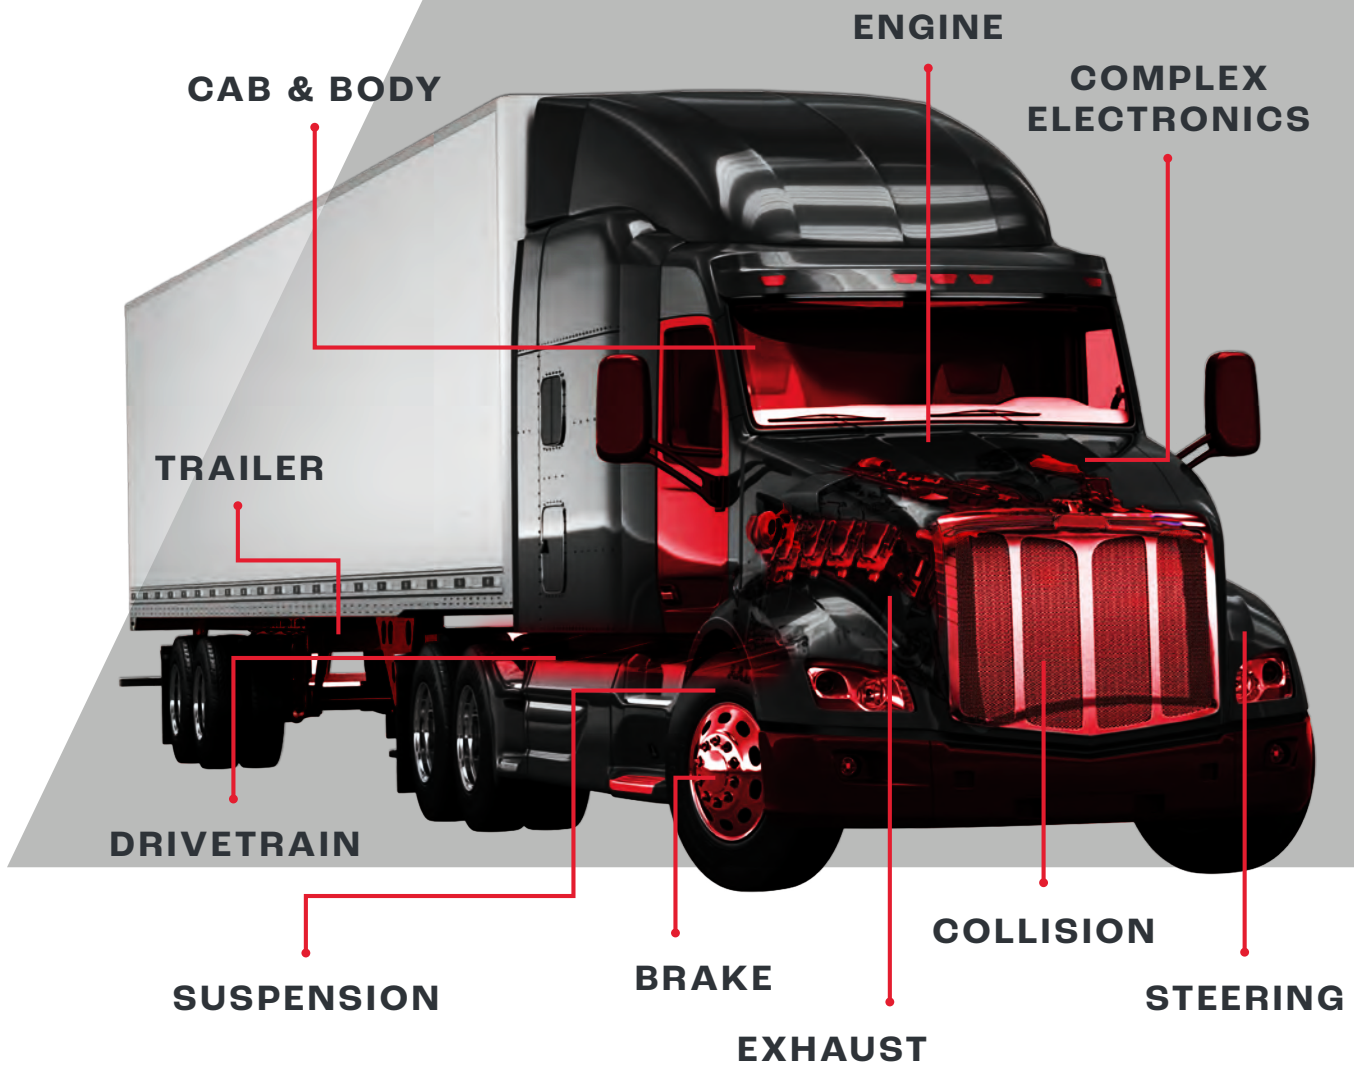

I'm appreciative to have the support of Dayton Parts to fill our customer's needs. Without Dayton Parts we could not be the company we are today!

I PRODUCT PORTFOLIO

BRAKE & WHEEL END (100% NEW CALIPERS WITH NO CORE CHARGES)

Air Brake

- Air Chambers
- Air Hose Fittings & Components
- Air Supply, Valves & Components
- Bearings, Hub Caps & Wheel Seals
- Brake Drums & Hubs
- Camshafts & Components
- Lined Brake Shoes & Components
- Slack Adjusters
- Spindle Nuts
- Wheel Attaching – Studs, Nuts & Clamps

Air Disc Brake

- Air Disc Pads, Calipers & Rotors
- Frasle Brake Pads
- Second indent CV Brake Pads

Hydraulic

- Disc Brake Pads
- Calipers
- Drums & Rotors
- Disc Brake Axle Kits
- Hoses & Cables
- Hub Assemblies
- Lined Brake Shoes
- Master & Wheel Cylinder

Complete coverage for air brake and air disc brake systems

HITCH & COUPLING

- Coupling Products
- Dump Body
- Accessories
- King Pins
- Pintle Hooks
- Towing Accessories
- Trailer Accessories

American made and built to last

LEAF SPRING

- Full & High Stress Taper Leaf Springs
- Multi-Leaf Springs
- Spring Accessory Components
- Tempered Repair Plate
- Threaded Rod
- U-Bolts

Broadest range in the industry

CARGO RESTRAINT

- Chain
- Load Binders
- Nets
- Ratchets & Winch Straps
- Winches & Hardware

Most complete offering for the lifting and load-securing markets

CLUTCHES

- Clutches (New) – Medium & Heavy Duty
- Clutches (Reman) – Medium & Heavy Duty
- Clutch Components
- Flywheels
- Input Shaft Kits
- Inspection Cover Kits

Assembled in the USA, with components from OEM suppliers

DORMAN DIESEL DECODER

FREE
Smartphone App

POCKET-SIZED SCAN TOOL
(p/n 904-SCAN)

SAVE A TOW OR TRIP TO THE DEALER

Designed for heavy duty truck owner-operators and small commercial fleets, the Diesel Decoder (part number 904-SCAN) is a powerful, one-of-a-kind diagnostic tool for all heavy duty truck makes. Just plug it into a diagnostic port, sync it via Bluetooth® to the free Diesel Decoder by Diesel Laptops® app, and use your smartphone to view fault codes and get repair information. No expensive code-scanning hardware and software needed!

- **Powered by Diesel Laptops®:** Seamlessly connects to an extensive knowledge base to identify required repairs and clear Diagnostic Trouble Code (DTCs)
- **Instantly cross-reference fault codes and repair recommendations:** Works on all popular HD truck makes and models in North America
- **Additional features delivered through app updates:** Offers more value over time than devices that require cumbersome and complicated update procedures
